

MISSING!

If you have a long memory, you might remember this:

A NORMAL FAMILY

It might seem old-fashioned, but it worked. Real Mother-Father-Child relationships were what everyone expected to see. There was nothing more comforting and reassuring for a child than to be brought up by a loving mother and father. Nowadays we are expected to believe that 'same sex couples' are just as suitable as parents.

This is blatantly wrong and has to be stopped. The removal of CLAUSE 28 from the statute book, one of the last safeguards against the grooming of our children, was a crime against the moral fabric of our nation. Clause 28 was introduced to stop homosexuality being taught as 'normal' to schoolchildren. This has made it possible for homosexual teachers, of which there are many, to promote their own agenda and homosexuality IS being taught to young children, OUR CHILDREN, as a natural alternative to a normal, healthy, straight mum, dad, kid relationship.

Please join us in our campaign to bring back Clause 28 and reintroduce the promotion of a normal, happy, healthy, STRAIGHT family lifestyle.
